

Consent for Care

At Bayside Veterinary Care (BVC, Inc.), we strive to provide compassionate and comprehensive care for our patients. Quality care is not inexpensive; with that in mind, we want you to feel comfortable discussing the financial aspect of your pet's care with us. For sick patients, treatment options will be discussed and estimates can be provided for all recommended services.

Bayside Veterinary Care Inc., does not bill for services. Payment in full is due at time of service. Deposits may, at times, be required prior to care being administered or visits being scheduled. We accept checks, cash, Visa, MasterCard, AMEX, debit cards and Care Credit. By using a check for payment, you agree to the following terms: In the event that your check is not honored or returned for any reason, you authorize us to electronically (or by paper draft) re-present the check to your bank account for collection of the amount of the check, plus any applicable fees as permitted by the state law.

Once your appointment is scheduled, we have reserved the time especially for you. Should you need to cancel or reschedule your appointment, we require advance notice. Missed appointments with no advance notice will incur a \$50 charge.

Invoices that are outstanding for more than 90 days will be considered delinquent and submitted to a collection agency.

Should you choose to obtain pet insurance for your family, the owner/legal agent is directly responsible for the medical charges and can later be reimbursed by the insurance company. We are happy to help you complete the required forms for your insurance company for a fee of \$10.

All mobile visits incur a minimum travel fee of \$15. Every effort is made to schedule mobile appointments in a way that minimizes our travel time as well as your costs.

Bayside Veterinary Care, Inc. is not an emergency service. If transport to a 24 hour emergency hospital is delayed for any reason, during which time the patient's condition worsens, this decision is the responsibility of the owner/legal agent. Should your pet require transportation to an emergency hospital, s/he must travel with the owner/legal agent.
